RE: Annual Report, Comstock Mine, ACT/021/005

Dear Sirs:

Enclosed is CF&I Steel Corporation's annual report of activities at the Comstock Mine. During the past year the mine was operated under lease by United States Steel and then by Basic Technologies (Geneva Steel) who acquired U.S.S.'s interests. This year, because of the sale of the Geneva plant, active mining has only occurred during the last quarter. Most of the reported mining is the result of shipping the considerable stockpile of ore which remained at the mine when U.S.S. closed operations.

Should you have any questions or comments, please call me at (303) 561-7150.

Sincerely,

A handwritten signature in blue ink that reads 'Joseph Blais'.
